Professional summary

Motivated Computer Science Engineering student with a strong academic background and a solid foundation in programming, data structures, and core computer science subjects. Seeking opportunities to apply theoretical knowledge to practical problems while continuously enhancing technical skills.

Education

JK Lakshmipat University, Jaipur
B.Tech – Computer Science Engineering
CGPA (up to 4th Semester): 9.122

Maheshwari International School, Kishangarh
Class XII – 83.4%

Maharaja Sumer Singh Public School, Kishangarh
Class X – 92.5%

Projects

- **Accident Classification Under Low Illumination (LNMIIT – LUSIP):** Implemented RetinexFormer for low-light image enhancement and evaluated ResNet50 for image classification, achieving 93.03% accuracy on enhanced ExDark images.
- **Database and Management System -**Designed a system to manage events, participants, and organize data. [Nov 2025]
- **Statistics-Based Data Analysis Project -**Performed statistical analysis on Global Competitiveness Index (GCI) dataset. [Nov 2025]
- **Business Analysis Project -**Studied the electric vehicle (EV) ecosystem and its market potential. [Nov 2025]
- **Fake News Detection System using Machine Learning-** Fake News Detection using Machine Learning – Designed and implemented a text classification pipeline using TF-IDF and machine learning models (Logistic Regression, SVM, Decision Tree, KNN) to automatically identify fake and real news articles. [April 2026]

Technical Skills

Programming Languages: C ,Python ,DSA and DAA

Tools & Technologies: VS Code, Google Colab, Spyder, VHDL, Dev C++**,** Scikit-learn, PyTorch, CNNs, Vision Transformers (ViT), RetinexFormer

Relevant Coursework

Data Structures & Algorithms, Database Management Systems, Computer Organisation & Architecture, Digital Circuits and Systems, Basic Electronics, Calculus and Linear Algebra, Probability and Statistics, Operating System, Design and Analysis of Algorithms (DAA), Machine Learning (ML)

Hackathons & Competitions

•Participated in Smart India Hackathon (SIH), collaborating to build innovative solutions. [Sept 2025]

• Participated in College Pre-Hackathon, contributing to prototype development. [Feb 2026]
